

PHYSICAL SCIENCE (PSC)

PSC 1341 Physical Science for Today's World

Credit Hours: 3

General Education Category: Science Gen Ed

Meets General Education requirement. This course is a survey of the principal physical and chemical aspects of our natural environment and how they are investigated. The topics include the metric system, motion, forces, energy, waves, properties of matter, atomic structure, and nuclear and chemical reactions. Although there is a math component to the course, the emphasis will be on scientific concepts and their application.
