- **Leads to State or Organizational License or Certification:** Upon successful completion of the first 165 clock hours, students will be eligible to take the Florida Certified Nursing Assistant (CNA) examination. After successful completion of the program and further work experience of 1,000 hours of competency in the fields of mental health or substance abuse, students may also be eligible to sit for the Florida Certification Board (FCB) exam to become credentialed as a Certified Behavioral Health Technician (CBHT).
- **Cost Associated with taking the exam:** TBD
- **Where to take the exam:** [Florida Certification Board](#) for [Certified Behavioral Health Technician \(CBHT\)](#)

The Mental Health Technician (MHT) Program prepares students for employment as mental health technicians, psychiatric aides or technicians, and nursing assistants. The MHT works in a variety of healthcare facilities under the supervision of a psychiatrist, registered nurse, counselor or social worker to participate in development and implementation of basic nursing care and therapeutic treatment plans for patients with mental health, substance abuse, and addiction issues. Students will complete all of the Florida Department of Education mandatory training requirements for individuals entering a healthcare field and specific career-based training in physical assessment, psychiatric and substance abuse disorders, developmental disabilities, health and wellness education, emergency and crisis intervention, and basic nursing assistant skills.

Upon successful completion of the first part of the program, students will be eligible to take the Florida Certified Nursing Assistant (CNA) examination. After successful completion of the program and further work experience of 1,000 hours of competency in the fields of mental health or substance abuse, students may also be eligible to sit for the Florida Certification Board (FCB) exam to become credentialed as a Certified Behavioral Health Technician (CBHT).

Program-Specific Admissions Information: This is a limited-access program; student must submit a separate application to the program.

Refer to the [Career and Technical Certificates](#) overview page to find information about admission, graduation, testing, and other requirements.

Visit the [program page](#) for more information or call 321-433-7575.
