This certificate is part of the [Transportation and Logistics A.S.](#) degree program.

The International Freight Transportation certificate is a study of the global environment including the complexities of international business, managing global operations, and the requirements for efficient purchasing, warehousing, and international shipping and transportation requirements.

Graduates are prepared for entry-level positions in the areas of:

- purchasing
- inventory
- management
- operations management
- transportation and distribution
- warehousing

Credits earned in this certificate also apply to the [Associate in Science \(A.S.\) degree in Transportation and Logistics](#). [Visit the program page for more details and how to apply.](#)

Note: Students may be required to take prerequisites or acquire consent from an instructor to pursue courses for this certificate.
