

STUDENT SUPPORT

Eastern Florida State College, by virtue of its institutional purpose and mission, has a responsibility to provide appropriate student services based upon the individual needs of all students. EFSC's Student Services is charged with meeting those student needs not traditionally associated with classroom activity. Student Affairs provides assistance with academic assessment, admission, advisement, course placement, class registration, class scheduling, career planning, referrals to external agencies for support services, and development of student leadership and social skills. As an integral part of the "learning-centered college," Student Services also strives to increase students' social and academic integration, students' development of education and career plans, and students' acquisition of study and life skills. For more information on the services available, please visit our Student Services [website](#).
